Mission Statement

Through the process of learning,

We value and build:

Knowledge

Respect

Community

Principal's Message

Through the process of learning, we value and build knowledge, respect and community. This is a simple motto that we at Atkinson Academy try to base our entire school ideals around.

The Atkinson Academy's staff works extremely hard instilling strong work ethics in each student. WE value education and have high expectations for our students. From pre-k through fifth grade, we feel that it is important to form strong foundations so that students will go onto Middle, High School and college to be successful.

RTI, or Response To Instruction, was added this year to all grade levels. As we all know, sometimes we might need some information repeated a couple of times to clearly understand a concept or idea. There's nothing wrong with that! The same with children, repetition, is sometimes needed. Thirty minutes each day was added to the schedule for reading and math. During these times, children are grouped according to their needed, whether it is enrichment, maintaining skills or an extra boost. The flexible groups of 4-5 students change about every 6-8 weeks. Everyone in the school helps deliver services so we can maintain the small group ratio. Classroom teachers, literacy specialists and special educators are responsible to work with re-teaching groups while our media generalist, guidance, enrichment, technology and teaching assistants work differentiating other learning activities revolving around reading units. The same is also repeated for math. We have seen tremendous growth. Small groups allow the children to really shine, explore new concepts and be retaught with success.

We have also adopted the PBIS/ Model of Respect, Responsibility and Right Choices. This is a bullying model that students will continue following at the Middle School. The Atkinson Police Department has trained an officer once again this year to work with our fifth graders using the D.A.R.E. program. This program helps the children learn to JUST SAY NO when faced with difficult decisions or situations.

Community involvement surrounds the Academy almost every day. We are lucky to have strong, involved PTA/Night Owls Dads group. Atkinson partners with many local organizations also. The Atkinson Cub Scouts Pack 95 is responsible to keep our grounds well groomed in the fall and spring. The Atkinson Garden Club involves the children in the Smokey, the Bear Poster contest along with Woodsy Owl Poetry writings. The Atkinson Lions Club along with the King Lion comes into our younger student's classrooms to read to them. They have donated all the books that are read to the classrooms so the children will have many years of reading enjoyment. The Atkinson Women's Civic Club is available to take care of daily needs of families whenever I call. Our Fire Department spends a week at school talking to the children about fire safety while the Kimball Library partners with us on yearlong activities. The Police Department is visible this year eating lunch, attending recess and reading to our students. I feel very lucky to have this school involved with so many organizations that care about our students.

AS always, I want to thank everyone for their constant support of Atkinson Academy students and staff. WE strive towards the same goal—to make our students successful in and out of the classroom.

School Site Assessment

We believe that our students should have multiple opportunities to demonstrate what they know and are able to do. Assessment is a tool that provides a snapshot of their developmental learning process. The data gathered guides our educational priorities and decisions as it relates to each individual student. The value of the individual and his/her contribution to our global community lies in the manner in which he/she uses intelligence, experience, and creativity in the 21st century.

We give assessments for a variety of reasons, including reporting student progress and achievement; evaluating curriculum and instruction; identifying strengths and weaknesses; comparing Atkinson Academy students with national, state, and other norms; and identifying students who may need some extra help or who may benefit from specialized programs. It is ultimately our way for schools to be accountable to our students, parents and community. As part of our district Action plan, administrators are currently reviewing our assessments for all students including all three tier levels. At this time our assessments can be summarized in the following way:
