Newsletter - October 2016

Principal's Pen

Dear Danville Families,

Our first month of school went by quickly! Our students settled in to the new year and are happy to be back on a school schedule. We welcome new staff members to Danville School. Mrs. Lucy Canotas has joined us as the Assistant Principal/Curriculum Coordinator. She is a former teacher and has worked closely with educators at the state level. Mrs. Rachel Proulx is a fifth grade teacher who taught in Atkinson prior to coming to Danville. Mrs. Darci Militello is a kindergarten teacher and taught at Pollard School last year. Mrs. MaryJane Stenslie is our Occupational Therapist, coming to us from private practice. Mrs. Jessica Belch is our FLES teacher for the 2016-17 school year. Para-Educators new on staff are Mrs. Terry Sable, Miss. Rachel Kimball, Mrs. Ashley Smith, Mrs. Joyce Ferreira and Mrs. Julie Phelps. Mrs. Barbara Murphy is an addition to our team of Title One Tutors. Mr. Kyle Meisner is our new Technology Specialist and Mr. Jim Chretien has joined our hard working custodial staff. We are honored to have a wonderful group of educators join our staff.

We are trying something new this year to celebrate Halloween. At the suggestion of PTA members we will be having a parade; actually two! The first parade will be Thursday, October 27 for students in PK and AM Kindergarten at 10:30. The second parade will be October 28 at 2:15 for full day kindergarten through

grade 5 students. Costumes are optional. If your child chooses to bring a costume to school, they will be asked to put it on over their school clothes. There will be no make-up, masks, or weapons allowed. Costumes are not allowed on the bus. Children will need to carry their costumes to and from school. If you would like to watch the parade, please plan to be on the playground at the start times. We will walk around on the pavement and will be coming out of the cafeteria door. Let's hope for nice weather!

Future newsletters will be posted on the Danville School website on the first Wednesday of each month. If you prefer to receive a hard copy, kindly notify the office at 382-5554. We will be sure you receive a copy in your Danville Delivery.

We are pleased to report that enhanced security measures in the way of doorbell intercom systems have been installed at all district buildings and will be activated the week of October 10th. This means that all front exterior doors to all district buildings will remain locked at all times.

You will be asked to identify yourself and the purpose of your visit. You will then be buzzed into the building to check in with the building receptionist as is done now.

This increased security measure was recommended by the New Hampshire Department of Homeland Security and Emergency Management and is intended for the safety and security of your children and the staff.

We thank you in advance for your understanding and cooperation.

Nancy Barcelos, Principal

Assistant Principal News

Thank you to students, staff, and families for a warm and easy transition to the Timberlane Regional School District, and this fabulous school in Danville. I am pleased to have met so many supportive community members. Our students model after you and have done a great job teaching me Danville's Core Values - Respect, Responsibility and Pride.

We have had a busy start to the year. Teachers are implementing year 2 of our math program EnVisions, digging deeper into our curriculum documents, and rolling out our Responsive Classroom Framework as a support to behavior and instructional systems. Morning Meeting is a common practice in all classrooms. Students and teachers gather together to greet, share and prepare for a successful day socially and academically.

Our first STAR assessment results have been sent home. This test is a computer-adaptive test which provides information for instruction relative to student needs, both for intervention and enrichment. Teachers will be discussing the first STAR benchmark during parent teacher conferences in November, but please reach out with any questions you would like answered before that.

Be on the lookout for Blizzard Bags. Yes, it is only October, but we are prepared for everything here in NH. To know for sure that a snow day has been designated as an Online Learning/Blizzard Bag Day, listen to the "No School" alert message. The message will indicate that it is an Online Learning/Blizzard Bag Day. During an official Online Learning/Blizzard Bag Day, your child's teacher (in grades 3-5) will be online to view,

comment, and support students during the hours of 10:00 am - 2:00 pm. An Online Learning/Blizzard Bag Day will not be called in the case of wide-spread power outage. Students in grades K-2, and those in the upper grades with the paper copy option, are asked to bring their work to school the next day. We want the Online Learning/Blizzard Bag Day to be a great success. It is important that all students participate. In order for the day to count as a school day the district needs 80% participation. It is our goal at Danville Elementary to have 100% each Blizzard Day.

Sincerely,

Lucy Canotas
382-5554 ext. 5302

A Message from Nurse Sue:

October Health News

10 Steps to Your Healthiest School Year Ever!

1. *Start off strong with a healthy breakfast.* A good breakfast provides energy and will help keep you alert and attentive in class. Highly sugared foods leave you feeling tired soon after eating. Remember: Your school performance is directly related to what you eat!
2. *Drink plenty of water.* Water is the best fluid to stay hydrated without the added sugar found in some juice and soft drinks. Also, remember to drink the

recommended amount of reduced-fat milk or milk alternative.

3. *Don't forget to wash your hands often.* Keep hands away from your face, mouth, and nose where germs can enter your body.

4. *Boost your immune system.* Get plenty of sleep and, eat colorful fruits and vegetables every day. Think variety and rainbow colors!

5. *Eat a nutritious and yummy lunch.* Choose foods from all the food groups. Different food groups supply our bodies with energy to think, move, and grow. Make healthy choices from the daily menus, or pack a healthy lunch from home.

6. *Cut back on sugar and salty snacks.* Limit sodas, sport drinks, candy, chips, and ice cream – they add on extra calories, can harm your teeth, and leave you feeling tired. Need ideas for a snack at school? Ask the nurse!

7. *Enhance your brain performance.* Exercise, play memory games, do crossword puzzles, and eat brain foods like berries, cold water fish, and nuts. Just say “NO” to fast food and enjoy a home cooked meal together at least four nights a week.

8. *Get at least 30 minutes of exercise every day* – at recess and at home. Go for a daily walk with a friend, a parent, or your pet. Exercise helps our bodies to be strong, flexible, and resilient.

9. *Do your homework every day after school.* It's so important to be prepared!

10. *Turn off the TV and video games at least one hour prior to bedtime.* Take time to relax, take a bath or shower, brush your teeth, and pack up for the morning!

[From the Danville Elementary Library Media Center](#)

Fostering the love of reading and instilling the passion to be lifelong learners.

Welcome Back!

During the first few weeks of school, your child was able to spend some quality time into the library. During this time, they were re-introduced to the library, library procedures, expectations, as well as the proper ways to care for books. Ask your child to review with you the ways to help keep books safe!

We hope the library is a place that your child visits frequently. The Danville School library is everyone's classroom and is accessible for all students and their families. We pride ourselves at being the “hub” of the school community.

The library operates on a flexible schedule. This enables maximum access for students and teachers. Children are welcome to come to the library any time to check out a book, fun read, or research, with the classroom teacher's permission. For whole class instruction, I will be working with classroom teachers to integrate information literacy skills, with grade level content area to conduct research projects. Students will have the opportunity to showcase their evidence with their peers.

We look forward to working, sharing and learning in the library with students and staff this year.

~Mrs. Kisiel, LMS

~Mrs. Murphy, LA

All About Art!

Hello Danville Families!

The year is off to a great start in the Art Room! We are participating in the Art Fundraiser from the program "Original Works of Art" again this year. This fundraiser is to raise money for specialty art projects that the students do at Danville. All students are creating a piece of artwork in the art room at this time. Once they are finished they will be sent home with information about how you can order your child's artwork on a variety of products for a reasonable price.

This year's Original Works of Art Fundraiser projects that are presently being completed in the art room are as follows...

- The Kindergarteners and First Graders are creating colorful Caterpillars - focusing on tracing, lines, shapes, and patterns
- The Second Graders are creating Laurel Burch Cats - focusing on learning about a famous artist, lines, shapes and patterns
- The Third Graders are creating Owls - focusing on lines, shapes, pattern and color
- The Fourth Graders are creating Sun and Moon picture - focusing on lines, shapes, patterns and warm/cool colors
- The Fifth Graders are creating a silhouette landscape of their choice - focusing on contour line drawing and warm/cool colors

ITEMS NEEDED!!!!*

Students are craving three dimensional building materials and I just don't have enough to go around. I am asking families and staff to consider collecting and donating any recyclables, odds and ends to the art room this year. Please consider the art room for any junk you plan on cleaning out of your house. Keep in mind that we have allergies in the school and items might need to be cleaned very well before donating.

Here are some suggestions:

Paper towel tubes
Toilet paper tubes
Foam trays
Kleenex boxes
Magazines (appropriate for this age)
Fabric scraps
Plastic or paper dishes, bowls, cups or other containers
Beads
Sea Shells
Ribbon
Old jewelry
Old calendars
Coffee cans
Pringles cans
Wallpaper books
Craft items
Yogurt containers/lids
Wrapping paper
Cellophane
Foil
Supermarket plastic bags

Please no styrofoam, yarn, or egg cartons. Include items in a bag labeled "Art Room". If you have anything else you think the kids would like to build with send them our way!! Thank you so much for your support of the Visual Arts! If you ever have any questions, comments or concerns, please don't hesitate to contact me: 603-382-5554 X5307 or jennifer.rice@timberlane.net

Sincerely

Mrs. Rice

Physical Education

Hello Everyone!

October is here and with it comes a lot of exciting P.E. activities. We have just finished up with our soccer unit and are moving quickly into our throwing and catching skills. As the month progresses we will be wrapping up with Halloween games, which are always some of the most interesting lessons of the year!

Our fourth and fifth grade cross country team will be finishing their season in the middle of October and have been doing a wonderful job so far. I am always amazed at the amount of interest that running in a field or woods can bring to a child.

Thank you to everyone who has supported our team this year! Get outside with your child and enjoy the wonderful fall weather! As always, if you have any comments or questions, feel free to email me and I will get back to you as soon as I can! I hope this note finds you happy and active!

-Patrick Ard
Danville P.E.
Patrick.Ard@timberlane.net

With Mrs. Dube

STEAM

Science. Technology. Engineering. Art.
Mathematics.

The Kindergarteners have conducted several science experiments during their time with me this September. We explored what objects would sink, and which would swim. We explored apples and made an apple craft using vinegar, baking soda, and food coloring. We discovered the power of force by using a catapult to send

a cow (ping pong ball) over the moon. Finally we learned how leaves change color and created leaf rubbings to investigate the structure of a leaf and how it drinks in water.

Third, fourth, and fifth graders have been busy using teamwork to achieve success in several S.T.E.A.M. related tasks. They worked together to create the tallest spaghetti tower possible able to hold up a marshmallow, built index card houses to keep the Three Little Pigs safe from the wind of the Big Bad Wolf, and finally created a paper airplane that could glide through a target carrying the most cargo. The winning team was a group of fifth graders who successfully flew \$11.60 through the target without losing any cargo!

Music Note

Miss Soha (formerly Cook)

Welcome back!

We have been making some great music this year and we are excited to share with you at our upcoming concerts.

Mark your calendars!

January 17th 7pm Winter Concert (Band, Strings, and Chorus)

March 22nd 7pm Chorus Concert (rehearsal at 6:15)

March 27th and 28th Rehearsal & Concert for all 5th grade Band students.

April 12th 7pm Concert for all 4th grade Band students

All events take place at the PAC (Timberlane Performing Arts Center). More information will be sent home as the dates approach.

Enrichment Program

Enrichment News-Grade 5 Trip to Chase Ocean Engineering Lab

By Cindy Wood

On Friday, September 16, the Danville grade five students attended **Ocean Discovery Day** at the UNH Chase Ocean Engineering Laboratory. There the students explored topics such as 3-D topography, ROV use to explore our oceans and the ocean floor, Wave Tank and energy from waves, Oysters, Squid Dissecting, Characteristics of Water, Seaweeds and their importance, Knot Tying, Horseshoe Crabs, Flanking - how a submarine sinks and rises, Aquaculture, Estuaries, Sea Changes and Weather Extremes and so much more. The purpose of our trip was two-fold to expose students to future career opportunities and to make them aware of the importance of marine environments (oceans, lakes, rivers, ponds...).

Before the trip, students explored books on

many of the topics available for exploring on September 16. This created curiosity, left them with questions to ponder and generated excitement about what they would learn on September 16. While at Chase Ocean Engineering Lab, the students were tasked with finding a topic that

interested them. Once they returned to school on September 16 they were given the rest of the afternoon to settle on a topic and

begin research to learn more about their topic choice. Over the next few weeks, students worked individually or in small teams to learn more about their interest.

They created

posters as a teaching tool and then prepared an oral presentation to share with their grade five friends and classmates.

The next time you are at school, be on the lookout for some amazing posters that will teach about ocean engineering, water characteristics, ROVs, humpback whales, squid and many other topics.

I also want to thank all of the chaperones who attended the trip with us. This support allowed the students to work in small groups while on the field trip; learning was tailored to each group's interests.

School Store

Our first school store will be open for grades 3-5 on Friday, October 14. Grade 2 will be welcome to start attending school store in January.

School store will be open on the date above during each grade level's lunch recess time (grades 3-5 only). Students are invited to come to see what is available to purchase. Items

range from \$.05 to \$4.00. **Students may not borrow money or ask for money from others.**

Students are encouraged to purchase wisely and only buy if they find something they need. Students will generally not be allowed

to spend over \$5.00 at the school store. Please remind your child that students are not allowed to share money, ask for money from others, or give their money away to someone else. Items are bagged and given to your child's classroom teacher for the child to take home that night. Some items for sale include:

Wallets for \$2.00 or less

Fuzzy pencil pouches

Pop a Point pencils for \$.50

Animal Erasers for \$.50

Folders (2 pocket) for \$1.00

Locking diaries for under \$4.00

7mm Pencil led

Koala pencil buddies

Angry Bird 2 pocket folders \$1.50

Plus many new items

Other school store dates for this fall: Nov. 5. If you are able to help at the school store please email Cindy Wood at cindy.wood@timberlane.net.

Thank you!

Literacy Specialist

Dear Parents,

Danville Elementary School is again collecting Box Tops for Education. Box Tops for Education really makes a difference in your child's education. Last year, America's schools earned over \$49 million from Box Tops.

Look for Box Tops throughout your grocery store on hundreds of participating products. On the back side of this sheet is a complete list of participating products.

Danville Elementary school uses the money from Box Tops for Education to provide supplemental reading materials for our students.

Join us in our quest to collect. Each month the class with the most Box Tops collected will win a class breakfast.

Thank you for your help!

Vivian Rockwell, Literacy Specialist

A handwritten signature in black ink that reads 'Vivian Rockwell'.

Clip Box Tops and earn cash for your school!

Earn cash for your school every time you shop for groceries. Clip Box Tops from **hundreds of your favorite products.*** Each Box Tops coupon is worth 10¢ for your school—and **that adds up fast!**
