Good Evening Timberlane High School,

The TRHS Administrative Team is pleased to provide you with a number of updates regarding our re-opening.

We have been creating a list regarding some of the more frequently asked questions we have received and are working on creating a document that will be shared with students and families prior to the start of school. This document will contain high school specific information such as the new daily schedule, the fully remote Wednesday schedule, the A/B calendar for the month of September, and other information such as mask wearing and one way hallways. Much like with everything in today's climate, this document will be fluid in nature and is subject to change once we begin the school year.

In addition to this document, the TRHS Administrative Team has been working on a number of other projects. We are currently in the editing phase of our freshman orientation video that will introduce our incoming Owls to their administrative team and welcome them into our building.

We are also currently working on a video that will be shared with all high school students and families prior to the start of school regarding changes, procedures, and what to expect as we embark in a new learning model. This video will be similar to the "graduation video" that went out prior to our tremendous, socially distanced graduation.

Other items the TRHS Administrative Team has been working on and will be available shortly is updates to our student handbook, modifications to our Advisory program, creating an online payment system to limit the exchanging of money when purchasing items, a unique parking program, our athletic awareness night video, and welcoming our new teachers into the building amongst many other projects.

We understand how excited and anxious everyone is to be back and we share those feelings with you! We are confident in the work that has been done and we are excited to share with you and our students all of these projects in the very near future. The 2020-2021 school year is shaping up to be a great one!

Sincerely,

TRHS Administration
