DO YOU HAVE SPIRIT?!

Well, then we have something special for you...
Introducing Timberlane's "LiNKED"!
Our very own Virtual Spirit Event for our school community!
Unfortunately, we are adrift from our extracurriculars and solely have our remote learning. However, we wanted to reignite some Spirit for the end of our 2019-2020 school year. This season of life has been truly challenging, but we can adapt and react in the most positive way possible! :)

Train your mind to see the good in everything.

Dear Parents/Guardians and Students,

This school year has brought new experiences and challenges to us all. Although our final exam experiences will not look exactly the same as they would if we were physically in the building, we want to keep the purpose of final exams/ assessments in mind as we try to wrap up this school year and have a process that brings about a culmination and celebration of student learning.

Some aspects of this year's final exams will be the same as previous years, and some aspects will be different. Final assessments will take place in the last week of school (May 26th-May 29th) and will be calculated as 10% of a course's quarter 4 grade. Assessments will be taken from home (as a remote learning assignment), and students will have 4 school days to complete all of their exams.

Teachers are currently in the process of collaborating to develop final assessments that are common by course. Remote learning final assessments will ask students to apply, synthesize, evaluate, and/or reflect through a format of: essay, reflection, project, portfolio, and/or presentation.

Teachers will communicate their final assessment prompts along with the grading criteria or rubric on Tuesday, May 26th by 9:00am. All assessments will be due to teachers by Friday, May 29th at 2:30pm.

While we are saddened by the fact that we are not taking final assessments together at TRHS, we have seen how so many students have risen to overcome the difficulties of remote learning week to week, and we know that they will succeed in finding ways to demonstrate their learning and celebrate their successes. We ask that everyone put forth his/her best effort and end the year feeling proud of what has been accomplished.
