

Potential AP Physics I students

Summer 2019

See assignments below for Chapters 1 and 2.

Homework will be collected on the first day of class. Follow the Problem Solving Method format described in section 2-6 of the Chapter 2 powerpoint and textbook (page 30). This will be a graded assignment.

Chapter 1 and Chapter 2 combined exam will be given during the first week of school.

Draw a line across the page to separate each question and problem.

Circle your answers and STAPLE your work.

Be neat. If I cannot read it, it is marked wrong. Partial credit will not be given on summer HW "problems", answers are provided in the back of your textbook. Partial credit will be given on HW "questions". HW problems must follow the Problem Solving Method and the format described in section 2-6 of the Chapter 2 PowerPoint and textbook (page 30).

Review Chapter 1 and Chapter 2 PowerPoints
