THE TIMBERLANE REGIONAL SCHOOL DISTRICT GOVERNANCE TEAM

Seated: Stefanie Dube – Danville, Sue Sherman – Plaistow, Dr. Kim Farah, Vice Chair – Danville and Donna Green – Sandown (resigned 2/8/18). Standing: Gregory Spero – Atkinson, Brian Boyle, Chair – Atkinson, Kelly Ward – Sandown, Dan Guide – Plaistow and Superintendent Dr. Earl Metzler. Missing from photo: Peter Bealo – Plaistow and Lee Dube – Sandown (appointed 2/12/18).

These pages are intentionally left blank.

School Board Report to be forthcoming.

These pages are intentionally left blank.

School Board Report to be forthcoming.

THE TIMBERLANE REGIONAL BUDGET COMMITTEE

Seated: John Hughes – Danville, Alan David – Sandown, and Jim Paul – Atkinson. Standing: Geoff Dowd – CFO/Business Administrator, Shawn O’Neil – Danville, Julie Hammond – Atkinson, Michael Mascola – Plaistow, Eileen Dube – Plaistow, W. David Gerns – Plaistow, Lee Dubé – Sandown (resigned 2/12/18), Dan Guide – School Board Liaison, and Dr. Earl Metzler – Superintendent of Schools.

The Budget Committee convened this year in May, 2017 for its Organizational Meeting where three newly elected members (Julie Hammond – Atkinson, Michael Mascola – Plaistow, and Jennifer Caruso – Danville) were welcomed to the committee. The discussed items to be of interest and useful to the committee included budget information for the previous five years, a Capital Improvement Plan, staffing information, and a joint meeting with the School Board. The committee reviewed some issues related to SAU cost reporting and added an additional meeting to the schedule.

The committee had three resignations during the summer: Mr. Tony Cantone, Ms. Kate Delfino, and Ms. Jennifer Caruso. The select-boards of Atkinson and Danville appointed Mr. Jim Paul and Mr. Shawn O’Neil, respectively, to the Budget Committee and the Plaistow Budget Committee members elected Ms. Eileen Dube to the committee. These appointments expire in March, 2018.

The committee resumed regular meetings at the start of the school year. Over the ensuing four months, the committee conducted eight regularly scheduled meetings and one special meeting to review department budget requests,

deliberate the requests presented, and to make adjustments. Budget Committee members participated in facilities tours at each of the District’s schools as well as the Performing Arts Center. The tours provided an opportunity for members to see recent improvements and to learn about upcoming maintenance and renovation needs, including those that would be contained within in the Capital Improvement Plan.

The 2018-19 proposed budget presented to the Budget Committee over the course of the meetings totaled \$75,106,497. Through the Budget Committee’s deliberations the budget was reduced by \$3,347,082. The proposed budget presented to the District voters at deliberative session was \$71,759,415. This proposed budget shows no increase over the 2017-18 budget. The voters at the deliberative session changed the proposed budget for consideration at the second session of the annual meeting in March to \$72,800,000 (\$2,306,497 less than the original budget request). Should the proposed budget be defeated, the default budget for 2017-18 will be \$71,870,607.

The Budget Committee wishes to thank Dr. Earl Metzler, Superintendent; Geoffrey Dowd,

TIMBERLANE REGIONAL SCHOOL DISTRICT 2017 ANNUAL REPORT

Business Administrator; along with our colleagues on the School Board, for their assistance and support throughout the budget season. We also extend our gratitude to members of the administration, principals and vice-principals, teachers, and so many others who participated in the budget process. Their time, input, and expertise are truly appreciated. I would also like to express my thanks to the members of the Budget Committee for their dedication in developing this year's budget. It

has been an honor to serve alongside this great team of dedicated professionals.

As always, input from District residents is appreciated and members of the public are welcome to attend all Budget Committee meetings. Financial reports and budget documents can be viewed anytime on the District website at www.timberlane.net.

W. David Gerns, Chair, Timberlane Regional School District Budget Committee

REPORT FROM THE OFFICE OF THE SUPERINTENDENT

Dr. Earl Metzler, Superintendent
Dr. Roxanne Wilson, Assistant Superintendent

The Timberlane Regional School District continues to focus on the themes of Rigor, Accountability, Evaluation, and Support as the foundation of an excellent school system. To that end, countless hours have been invested in providing the children of the District with high academic standards, engaging intellectual pursuits, safe and secure buildings, upgraded technology, and an abundance of extra-curricular events and experiences.

During the school year of 2016-17 the focus on curriculum was placed in the capable hands of Mrs. Armfield, Executive Director of Curriculum and Professional Development. She led the work of completing competency-based curriculum in collaboration with the District Curriculum Committees. Our curriculum in all departments and schools is now designed with mastery as the outcome made accountable with competencies. We continue to add programs and courses to our offerings in an effort to reach all students and increase rigor. This is an example of continuous improvement and the commitment our teachers have to prepare our students for the real world.

Timberlane schools have focused on strengthening instruction which has been evidenced through professional development

and technology applications and tools. Teachers focused on the Tripod Survey's 7Cs: Care, Confer, Captivate, Clarity, Consolidate, Challenge, and Classroom Management. This survey has been a consistent tool in the teacher's hands to get student feedback that informs their practice. We supported a stronger instructional focus on STEAM (Science Technology, Engineering, Arts and Math) at Timberlane Middle School. The 2-year study and planning for reorganizing the High School's instructional day into extended blocks resulted in a comprehensive implementation plan for 2017-18.

In an effort to be accountable, all schools used data to make decisions and monitor progress. The Director of Assessment worked in all schools helping to bring consistent, high quality processes to teams for collecting and reviewing assessment, attendance, and behavioral data. This improved the staffs' abilities in providing personalized interventions.

We continued to work on the goal of communication in order to engage parents and the community. We added the "Timberlane App" which is a technology tool that parents can access from their phones to keep current with announcements, events, and PowerSchool

accounts. Parents can now use Pick Up Patrol, another web-based tool that allows parents to communicate with schools about changes in their children's afterschool bus transportation. The Timberlane Parent Advisory Forum supported several important workshops on topics of common interest. These workshops were live-streamed and archived for easy accessibility for all. The Strategic Planning

Committee has been engaged in activities with the communities and will be delivering a 5-year plan by the end of the 2017-18 school year.

We are proud to serve the children and families of Atkinson, Danville, Plaistow and Sandown. Moving forward in 2017-18, the Superintendent's Leadership Team (SLT) continues to direct the goals of the District and support continuous improvement of our schools.

**RIGOR ♦ ACCOUNTABILITY
EVALUATION ♦ SUPPORT**

SUPERINTENDENT'S LEADERSHIP TEAM REPORT

Left to right: Tom Geary, III – Business Operations Coordinator, Christi Michaud – Director of Data, Assessment and Accountability, Beth Rincon – Director of Special Education, Ken Henderson – Technology Director, Dr. Roxanne Wilson – Assistant Superintendent, Dr. Earl Metzler – Superintendent of Schools, Geoff Dowd – CFO/Business Administrator, Nancy Louiselle – Director of Human Resources, and Susan Rasicot – Director of Student Services.

The reports of the Superintendent's Leadership Team by department are as follows:

HUMAN RESOURCES

Nancy Louiselle, Director

A main goal of the Human Resources Department is to effectively administer benefit plans to all eligible staff members. To that end, the Human Resources team makes every effort to communicate information about benefits, employee rights, eligible benefit programs, processes associated with benefits and employee data, and retirement to staff members. A sizable component to this communication effort was the initialization of an online Employee Self Service (ESS) program that allows employees access to personal benefits, payroll, and tax information at their leisure. This secure site allows staff members to access their pay information directly from our HRIS system, update their personal demographics, add emergency contact information, add dependent data, and access benefits documentation.

The department began working on the ESS implementation in November 2016 with the background configuration. The benefits enrollment piece began in February 2017. This has changed the way we processed insurance; going from paper applications to a quick electronic file sent through secure sites to

HealthTrust. This also allows us to post the insurance selections to our payroll deductions ensuring for greater accuracy. The work associated with this program took an enormous amount of time as it encompassed staffing information for all SAU, Timberlane, and Hampstead employees. Additionally, the department was up against a May 1st deadline that would allow staff members to utilize the system during open enrollment. We are pleased to report this deadline was met even though TSSU contract changes were not voted in until March!

Other significant accomplishments in the 2016-17 school year included successfully hiring and on-boarding seventy new staff members, meeting the Affordable Care Act filing requirements which is an immense undertaking given that this small-scale department also administers the benefit packages of over 900 active staff members and 325 retirees. The department held open enrollment meetings at each of the schools and effectively managed the transition of electronic enrollments for the first time. We closed out the year coordinating the district-wide celebration of our retirees, where we shared in the recognition of dedicated staff members to the students and the community.

SPECIAL EDUCATION***Beth Rincon, Director of Special Education***

The Special Education Department ensures that all eligible students with a disability in grades PK-12 receive a "free and appropriate public education," including Extended Year Summer Programming. Each of our district schools are staffed with special education teachers, paraprofessionals, and related service providers who deliver high quality, research-based interventions and specialized instruction in reading, math, and writing to assist students with achieving their Individual Education Plan goals. Elementary district programs that address specific types of learning needs including Autism, Emotional/Behavioral Disabilities, and Intensive Needs are housed in specific schools and all students come together at the secondary level. This structure allows the district to best utilize our resources to meet individual student needs and educate more of our students within the district. In 2016-17, the focus on improving practice and programs continued at all levels. The Timberlane district was chosen for voluntary Compliance and Improvement Monitoring by the NH DOE during the 2017-18 school year. In preparation, many staff members took advantage of the training offered after school hours which focused on improving professional practice through a deeper understanding of special education law, process and procedures. The Timberlane Learning Center Preschool and Kindergarten located at the Sandown Central School continued their previous year's work through a grant from the NH Department of Education to support their team in integrating evidence-based practices into the program. A primary goal was to increase family engagement, in addition to creating an early learning environment focusing on positive behavioral supports and outcomes for all students. Current data show a marked improvement in many areas, including the social/emotional development of their students. The Middle School also continued their work through the Universal Design for Learning grant from the NH Department of Education. This grant seeks to support teachers in designing

lessons and instruction that provide multiple means of representation, action, expression, and engagement for students of all needs. This work ensures the teachers are well prepared for teaching in the block. The High School completed the second year of their two-year grant called Next Steps, which focused on providing targeted supports for at-risk students, and the creation of credit bearing Extended Learning Opportunities (ELO) for all students, including outside of the traditional classroom environment. Another important aspect of this work is to increase family engagement at the secondary level, and this resulted in the formation of a high school parent support group. Through these initiatives, and with the hard work of our staff, the district continues to seek ways to move from good to great.

STUDENT SERVICES***Susan Rasicot, Director of Student Services***

In 2016-17, Student Services focused on establishing collaborative teams with community agencies, to more effectively support students and improve student outcomes. All partnerships remain in place and the student services division continues to foster new partnerships to meet the growing needs of our students. In 2016-17 we continued our focus on healthy choices to prevent drug misuse, and this has led to our involvement in promoting community awareness programs at the Austin 17 House in Brentwood, New Hampshire. This organization is committed to building stronger communities through collaboration with public schools and other mental health organizations. We continue to support our students and their families who receive supports under the McKinney-Vento Act. We value our continued partnership with Plaistow Pediatric Dental Health as well as the local Lions Clubs. Their supports provide necessary emotional support along with important services to our families when in need. The school counselors at the elementary school level continue to implement the Second Step Curriculum in all buildings. One primary focus is on Empathy. Parents will continue to receive updated home activities to

support the learning taking place in the classroom. This is a program that will continue in the district to support healthy effective choices for students.

Our district school counselors, social workers along with our school psychologists and behaviorists have initiated the process of meeting quarterly to discuss new strategies to meet the diverse needs of our students. These meetings are in place to identify ways that our students can become more socially and emotionally effective in their daily involvement in the school and community. As a result of the meetings held on behalf of our students one of the initial outcomes has been improved school attendance. We are pleased to see this new collaboration in place. We will continue to update on the areas of focus to meet our student's growing social and emotional learning.

TECHNOLOGY

Ken Henderson, Director

The 2016-17 school year saw continued growth in our K-12 technology integration program. The Technology Advisory Committee completed work on the district's Technology five year plan which was also approved by the school board. The purpose of the TRSD five year Technology Plan was to identify the technology resources that would provide our students and staff with optimal opportunities to nurture and enhance their academic learning and foster key 21st Century skills.

The Technology Advisory Committee also developed a process for the district's Dedicated Device Initiative during the 2016-17 school year. The Dedicated Device Initiative will begin during the 2017-18 school year with a chromebook for all 6th and 9th graders. It is the intention of the initiative to continue with grade 6 and 9 receiving chromebooks until our district has a dedicated device for each student at the middle school and high school age. The elementary schools will eventually have a dedicated device, but the devices will stay in school.

Curriculum Integration, Technology Resources, and ICT Literacy Skills are all important

components of an effective and comprehensive technology plan. Google Apps for Education, now known as G-Suite continued to grow as a resource to be used to strengthen integrating technology into lessons. Classroom teachers extended their use of Google Classroom to help them manage students' assignments. Students participated in various activities related to coding and STEAM to encourage students to explore various careers in these areas and learn the importance of being a integral part of a team or community.

The district continued to use distance learning opportunities to foster student knowledge, collaboration and hands on experiences in grades K-12. The programs were provided by National State Parks, museums, zoos and other experts in various fields. These important learning opportunities provide experiences to many students who normally would not be able to visit these remote locations and experts.

CURRICULUM, ASSESSMENT, AND PROFESSIONAL LEARNING (CAPL K-12)

The Timberlane Regional School District strives each year to deliver high-caliber, quality education for every student which begins with clearly articulated, rigorous curricula and implementation. In the 2016-17 school year, teachers, deans, and curriculum coordinators completed district wide writing of K-12 competency based curricula. Art, Music, Industrial Technology, Computer Science, Family and Consumer Science (FACS), Business, and Engineering received school board approval. Across the district, staff and administration continued their effort to realize the implementation of a competency based system through their tireless work on competency rubric design, performance assessments, and the development of new reporting tools.

A number of new course offerings were added to the 2017-18 High School Program of Studies for student selection including Technology, Latin I and II, Math Fundamentals, Topics in Mathematics, Algebra II Part 1 and Part 2, and Integrated Physical Science/ Biology. The

integration of the STEAM (Science, Technology, Engineering, Arts, and Math) program at Timberlane Regional Middle School allowed our seventh graders to learn through experimentation, critical thinking, and problem solving as they encountered the real world application of design.

Timberlane's secondary schools continued their two-year study and preparations for implementing an extended instructional block. All teachers engaged in professional learning opportunities on topics such as effective instructional practices, personalization of learning, classroom management, ensuring high levels of student engagement, and use of time, space, and resources. Staff and administrators involved students and parents in the transition through ongoing communication and access to informational resources.

The integration of instructional programs and tools continued at the elementary and middle school levels with the utilization of EnVisions Math, Reader's and Writer's workshop, Lexia, MobyMax, Achieve3000, Khan Academy, Zulama, and various other web-based platforms.

Foreign Language in the Elementary School (FLES) expanded to include grade two. FLES provided Kindergarten through grade two children of Timberlane with basic communicative skills, global and cross-cultural understanding, and reinforcement of content learned in other disciplines. Third grade level FLES curricula was written.

Students once again participated in the Tripod Survey. The analysis of academic survey results and the self-reflection process was found to be beneficial to teachers and administrators. Collaboratively, teams established school-wide goals to improve teaching and learning practices based upon the important voices and perspectives of students.

The district-wide Enrichment Committee was established to study current offerings in the elementary schools, and explore research-based models to support the district's commitment to creating enriching learning opportunities and

implementing instructional practices that promote high levels of student growth and achievement. Based on the study, the committee developed a 3-tier, enrichment model for all students in the elementary schools to be rolled out the following school year.

The Timberlane Executive Leadership Academy (TELA); a monthly professional development opportunity for our school and district level leaders, provided administrative support on several topics including Special Education, Title IV, Response to Intervention, and Anti-Bias/Diversity Awareness training offered by the Anti-Defamation League of New England. TELA is designed to strengthen school and district level leadership, support the efforts of our administrators to implement rigorous instructional systems, and to provide equitable opportunities for learning.

Finally, the Timberlane Parent Advisory Forum (TPAF), comprised of parents and administrators, shared informational topics on Assessment and Data-Informed Decision Making, Multiple and Flexible Pathways for Students, Transportation, Diversity Awareness, Growing Up in the Digital Age, and Competency Based Education. Several parents shared their questions and offered input on topics of interest. TPAF encourages families to generate topics important to them and share them via email at TPAF@timberlane.net.

DATA, ASSESSMENT, AND ACCOUNTABILITY *Christi Michaud, Director*

The Timberlane Regional School District's educators continued strong efforts to support learning, improve instruction, and raise achievement through the ongoing review of data and assessment. Educators, including school and district leaders, met regularly with grade level, department, school and district level teams to review student achievement results, inspect attendance and behavioral records, monitor the effectiveness of programs and instructional strategies, determine professional learning needs, set goals, and monitor progress of goals throughout the school year.

Multiple sources of information allow our educators to develop a clear understanding of what their students know, understand, and can do with the knowledge and skills they've acquired. Assessment does not always occur at the end of a unit or term. In fact, some of the best pieces of evidence collected by our educators are gathered over time, allowing our students to demonstrate their progression of learning through performance tasks and hands-on project based learning that increasingly raises the level of challenge. Assessment is an important, continuous process that leads to informed instruction by Timberlane educators and improved outcomes by Timberlane students.

Renaissance STAR 360 continued to provide universal screening and benchmark information in the areas of Reading and Mathematics in grades Preschool-10. STAR screening results allowed educators, students, and parents to monitor progress and to determine targeted areas for small group or individual student support. AAPPL testing for foreign language students provided a detailed look, for the first year following the baseline data collection, at language proficiency in the areas of speaking, listening, reading, and writing.

Timberlane's eleventh grade students participated in the "SAT School Day" statewide assessment in April of 2017. The state accountability reports revealed 67% of Timberlane's students met or exceeded the NH set benchmarks in Evidence Based Reading and Writing over the previous year's 64%, and 46% of students met or exceeded NH set benchmarks in Mathematics over the previous year's 41%.

Grade 11 students again had an opportunity to submit up to 4 free scores reports to colleges and universities of their choosing.

The ACT test, the nation's most popular college entrance exam, reported for the first time in five years, the percent of Timberlane ACT tested students outperformed the state with 74% of students meeting benchmark scores in all 4 tested categories. About 10% of the 2017 graduating class opted to take the non-required assessment for college entrance.

Spring of 2017 marked the third and final administration of the Smarter Balanced Assessment (SBAC) in English Language Arts and Mathematics, grades 3-8. On average, 68% of assessed students met or exceeded NH set benchmarks in English Language Arts. In Mathematics, 54% of Timberlane's students met or exceeded NH set benchmarks. In both English Language Arts and Mathematics, Timberlane outperformed nearby school districts.

Finally, Timberlane students in grades 4, 8, and 11 participated in the final administration of the New England Common Assessment (NECAP) in the area of Science. The multiple choice, constructed response, and hands-on scientific investigation assessment is being replaced by the New Hampshire Statewide Assessment System (NHSAS) in Reading, Writing, Mathematics, and Science in the 2017-18 school year. Timberlane looks forward to the new Science assessment aligned with the Next Generation Science standards, the same standards used to write the newly implemented TRSD K-12 Science curricula.

ELEMENTARY EDUCATION REPORT

ATKINSON ACADEMY

Kathleen Dayotis, Principal

It is always exciting to watch Atkinson Academy come alive after summer, and our 2016-17 school year began with opening our doors to 321 students. Student activities and staff development revolved around educating the whole child and our mission statement: Through the process of learning we value and build knowledge, respect, and community.

Throughout the year, Academy students engaged in school clubs such as Spanish, Science, Climbing Wall, Jump Rope, Ski Club, Chorus, and Girls on the Run, as well as enriching activities that promoted healthy life style and community involvement. Six weeks before school the Atkinson Wellness Committee hosted the Let's Get Moving Club, and nutrition and fitness initiatives continued with a monthly Fruit & Snack Challenge and a Family Fun Night Essay Challenge. A Drug Awareness Night held at the PAC, sponsored by the Charles George Family, offered parents important information about the harmful effects of drugs and alcohol abuse; the next day, all 5th grade students attended a similar presentation. Guest speakers included Jeff Hatch, former NFL player, and Doug Griffin, Board of Directors for Merrimack Valley Prevention and Substance Abuse. Community service projects continued, such as the cleanup and beautification of Academy grounds through

the District's Cleaner Greener Timberlane Program, and Student Council's organization of food and book drives for local families.

Our staff showed consistent dedication to provide each student with the best possible learning experience each day. Staff continued their hard work developing classroom communities through Responsive Classroom activities. Responsive Classroom is built around shared values such as honesty, fairness, and respect. These values are developed by strengthening social skills such as cooperation, empathy, and self-control.

Atkinson Academy is thankful for all who make the Academy thrive, especially the PTA and Night Owls. Our staff and students recognize that your support makes a difference and we appreciate your contribution to our children's future!

DANVILLE ELEMENTARY SCHOOL

Nancy Barcelos, Principal

The Danville staff shares a common goal: to provide students with foundational skills in an academic setting that fosters and inspires respect and inquiry necessary to succeed in a global community. We believe core competencies of collaboration, digital literacy, critical thinking, and problem solving will help our students achieve this goal. During school year 2016-17 we took actions to achieve this

goal through implementing community-building practices.

In developing our school family, we introduced Morning Meeting and a “Bucket Filling” philosophy during the year. Morning Meeting, a component of the Responsive Classroom Program, is a fun, interactive, and welcoming practice of gathering together as a class community each morning. The meetings are comprised of four sequential components that include a greeting, sharing, group activity, and a message. The goals of Morning Meeting are to create a trusting community where students experience a sense of belonging, significance, safety, and connection; to set a respectful tone that engages students in the learning environment; to model and practice social and emotional skills; and to merge social, emotional, academic learning. Classroom teachers are joined by another adult to foster relationship building amongst all. Our “Bucket Filling” philosophy is inspired by the books, *Fill a Bucket*, *Have you Filled a Bucket Today?* and *How Full is Your Bucket?*, in which the themes promote positive behaviors. Students were shown how easy and rewarding it is to show kindness by “filling the buckets” of oneself and others. These practices help to strengthen our Positive Behavioral Interventions and Supports (PBIS) practices that reinforce our core values of Respect, Responsibility, and Pride. We had a beautiful bulletin board overflowing with drops of kindness!

In reflecting on developing community, our staff analyzed Tripod survey results from the previous year and chose to focus professional learning in the areas of Classroom Management and Clarifying Instruction. Professional conversations led us to finding multiple ways to solidify learning for students. Being mindful of our District’s goal of rigor, staff collaborated on strategies to challenge and help guide instruction, maintaining a focus on student centered learning where academic, social, and emotional growth supported students along their journey. A part of this process was continuing the work of integrating core academic curricula with the unified arts.

Our library media center encourages a life-long appreciation and love of literature and reading, and here students are provided tools to support the learning process. Classroom teachers co-teach with library and technology staff to research and create products that exemplify 21st century learning. Our physical education program provided students with a variety of equipment and activities, emphasizing skill development while promoting a physically active lifestyle. After school programs offered students opportunities to practice skills and strategies outside of the school day. The music and art programs offered creative outlets for students to grow and engage in artistic activities, and students in grades 3-5 learned to play musical instruments. Foreign Language in Elementary Schools (FLES) is taught in grades PreK-2, and FLES introduces Spanish speaking, writing, reading, and cultural history of Spanish speaking countries.

Science, Technology, Engineering, Art, Mathematics (STEAM) is a framework that ties together all of the learning we engage in throughout life. It is the what, how, why, and by whom things are done. Danville students and staff took this design model approach to learning one step further by adding a whole school event where each classroom created a balloon individually or in small groups. Each class read the book *Balloons Over Broadway*, by Melissa Sweet. The book explores the story of Tony Sarg, a puppeteer, whose invention became the impetus behind the Macy’s Day Thanksgiving Parade. The culminating event was a parade through the school, with students proudly displaying their creations to families and friends who joined in the celebration.

As a staff we strive to improve communication and collaboration with our families and the larger school community. Thank you for your continuous support of education for our students.

RIGOR ♦ ACCOUNTABILITY
EVALUATION ♦ SUPPORT

POLLARD ELEMENTARY SCHOOL

Michelle Auger, Principal

Pollard School has been a busy place! Throughout the 2016-17 school year we worked diligently to incorporate school values into activities and daily life, while also moving academic opportunity forward.

Pollard School has three core values: Respect, Responsibility, and Safety. In developing these values, our Universal Team engaged with students to create a Bus Behavior project. Teachers and students had a chance to work hand in hand with the district's Senior Technology Specialist in creating movie magic – a video that reviewed our bus expectations! The video was shown to the students and is currently accessible from the Pollard School website as a reference and reminder throughout the school year. The project has realized success, as bus drivers reported that students have been more respectful and there has been a decrease in bus referrals. We also concentrated on a Cleaner Greener school environment by coordinating two outdoor community clean up events. These events were very well attended by families and our school grounds were spruced up immensely.

Pollard School staff members collaborated to fulfill our year's Action Goals, which continue to focus on increasing both reading and math skills of all students. In this effort staff members dedicated time to refine our understanding and implementation of the district curriculum, and employ new practices. This process allowed us to better use our current resources and to discover where we needed to supplement. In

math, we looked for alignment between enVisions and the curriculum in order to identify needs, which has led to the implementation of a math workshop model. In literacy, we continued to focus on balanced literacy using guided reading, guided writing, word work, and independent practice. We researched ways that specialists (Art, Music, PE, Technology, and Enrichment) could extend beyond their content and enhance other subject areas. This led to highly successful academic nights, including "May the 4th Be With You!", our school-wide Enrichment Night where students, staff, and families worked on STEAM related activities. We also continued to hone our use of assessments so that all teachers could deliver personalized instruction in relation to student needs.

Using data from our Tripod Academic Student Perceptions Survey, Pollard School worked on improving our teaching practices and student engagement. Teachers and support staff were trained in the research based Responsive Classroom Model. The Responsive Classroom approach encourages students and staff to build a positive culture and climate in our schools by empowering educators with the tools to create safe, joyful, and engaging classrooms where all students can develop a sense of belonging. Responsive Classroom has been a perfect complement to our core values and has been embraced by our staff. Students continue on their way to reaching their full potential!

Most excitedly, Pollard School received a brand new playground, thanks to our dedicated parents, staff, and the TRSD voters! In October, over fifty parents and staff members came together on a Saturday to assemble our new playground. Students were very appreciative of everyone's efforts, and the new playground equipment continues to be used during all of our recesses.

During the 2017-18 school year we will continue to focus our efforts on academics as well as behavior to create well-rounded contributing citizens. As always, we will stress our school's motto: What you do today, makes a difference tomorrow.

TLC @ SANDOWN CENTRAL SCHOOL
Jennifer Marino, Principal

The Learning Center at Sandown Central was busy in its second year of operation. Students were engaged in their learning and adapting to being in school, as for many little ones this is their first experience in this setting. Staff members worked together to fulfill School Action Goals of improving student literacy, cultivating culture and climate, and fostering the social emotional education of students.

Students, staff, and families experienced a plethora of valuable experiences that contributed to the developing culture and climate. Events during the school days included our Halloween Parade, Grandparents' Day, Winter Holiday, and a two-day live owl presentation, which brought our school mascot to life and taught students about the life cycle of owls. Other events included the spring and the fall Cleaner Greener days, which had wonderful turnouts of family and community members to help beautify our school grounds, and our "Little Owl Family Time" (LOFT) evening events, in which parents received information on pertinent topics such as child development and social emotional growth for young learners. We also dedicated a section of the library for parent resources on topics such as ADHD, autism, and building literacy skills for children. We collaborated with Timberlane High School as well – the High School Leaders served as reading buddies, motivating and inspiring students through reading aloud and storytelling, and the High School Art Society painted an eight-foot

wall mural in our library to honor our Little OWLs motto: Open to new ideas, Wiser than our years, and Learn from example. Our Scholastic Book Fair in the spring was a great success and fundraiser for the school. We are happy to promote a love of reading through literature and the annual book fairs are always a big hit.

We as a staff approached this year with key focuses on improving and developing both academic and social emotional education. Teachers worked weekly in Professional Learning Communities (PLCs) reviewing data on the instructional and social emotional needs for all children, and this dedicated time allowed teachers to collaborate and refine our intervention process to secure student success. Teachers and staff worked on our Positive Behavioral Intervention and Support goals of respect, responsibility, and safety throughout both grade levels, applying iSocial trainings as a resource. We distributed Little Owl t-shirts to all staff and students to unify our school community through our mission.

As our enrollment numbers continue to increase, we are continually excited and motivated as a staff to keep striving for excellence for all. We thank the community for its continued support and enthusiasm for our school.

SANDOWN NORTH ELEMENTARY SCHOOL
JoAnn Georgian, Principal

In the 2016-17 school year, Sandown North students continued striving to achieve both academic and behavioral goals through data-informed decision making and developing meaningful relationships with the children of

Sandown. When students feel connected to and supported by the adults in the building, they are more willing to take risks in their learning and to step outside of their comfort zone. Creative thinking led to growth and accomplishment for our students.

A major focus of our work was developing perseverance in our students. In our increasingly gratifying world, it is difficult for children to understand the importance of attempting challenging tasks, and to approach them repeatedly with a tenacious attitude. Our goal as educators is to create independent learners – students who seek knowledge and apply problem-solving skills to all situations. Our Leadership team wrestled to find the healthy balance of strategic supports in order to realize success in this goal, and support students while also moving them forward in their own development. What we all, students and staff, can attest to is that there is no greater feeling than discovering a solution on your own, and having a “Eureka! I’ve got this!” moment after much hard work.

With student interests, goals, and achievement at the forefront of our minds, we as a school staff we collected various forms of data to guide our decision-making, as well as worked closely with families to know our learners as both individuals and students. Our Leadership Committee and Universal Team analyzed school wide behavioral and academic data to note trends, determine

needs, and to celebrate successes. Staff members modeled expected behaviors, and then acknowledged efforts. Students’ work informed our instruction and served as a progress monitoring tool. Teachers and parents shared their observations which served as another form of data. When we know students as learners and as individuals, we work to ensure that they are not only successful on specific measures, but that they have a memorable school experience – one in which they delight in their content learning.

Along with the challenges of a rigorous curriculum came many opportunities for celebration. Each week, at Monday Morning meeting, students were recognized for achievements both within and outside of school. Families updated us on their children’s accomplishments, and this information was shared on the indoor Morning Message Board or was announced at Monday Morning Meeting. During this weekly meeting, students who persevered on difficult assignments were recognized. Birthdays were celebrated as a whole school through song, and the works of the Artists of the Week, children who extended their learning at home, were given an opportunity to project and explain their pieces. The teachers of music, art, and physical education gave various awards for the classrooms of students who made choices of integrity and collaborated with others.

SECONDARY REPORT

Left to right: Scott Strainge – Assistant Principal, Timberlane Regional High School, Don Woodworth – Principal, Timberlane Regional High School, Mike Hogan – Principal, Timberlane Regional Middle School, Angelo Fantasia – Director of Athletics, and Tony DiBartolomeo – Director of Performing Arts.

In the past year both the middle school and high school successfully adopted new schedules to provide increased instructional time, which allows for the full implementation of the recently created competency based curriculum. The ultimate goal in extending learning periods was to provide the opportunity for more depth of understanding through the implementation of skill-focused and inquiry-based activities designed to increase student achievement in all content areas. The new schedules also allow for more focus on the integration of 21st Century skills across the curriculum.

Literacy instruction across all subject areas continued to be a secondary focus. The middle school and high school implemented Achieve 3000, a program that adjusts content area reading selections to a student's individual reading level and provides assessments to monitor student learning. Students used the program approximately twice per week in core subject areas at both the middle and high school, and showed significant growth in reading comprehension at all grade levels.

At the secondary level, work continued with faculty and staff to ensure that teachers had access to and used best practices in the areas of instruction, assessment, and curriculum development. This team used data to inform decisions related to the improvement of student learning.

TIMBERLANE REGIONAL MIDDLE SCHOOL

Mike Flynn, Principal

The 2016-17 school year at TRMS was a year of focus on personalization, rigor, and accountability. Through our core values of respect, responsibility, and right choices, we have created a learning environment that supports our student's individual growth through their time at the middle school. At TRMS we understand the importance of the transition from our four sending schools, social-emotional development, and preparing for the high school.

Our teachers collaborated on strategies for Tier II instruction. Mini lessons, strategies, guided reading tips and resources were shared to help support this focused time with students. Our Language Arts curriculum revision was completed, K-12 rubric writing began, Achieve 3000 was implemented, and Data Days helped analyze students' needs and progress. In the classroom, students worked on their research skills, completed creative projects, went on field trips to match their units of study, self-selected literature for independent reading, engaged in experiential and simulated learning, and participated in the American Essay Contest.

The 2016-17 school year was a year of development, growth, and success for the new STEM program and curriculum. Seventh graders gained new knowledge and skills in their STEAM (Science, Technology, Engineering, Art, Math)

class as they solved real world problems using engineering practices. This course will be expanded to include sixth and eighth graders in the 2017-18 school year, and we hope to continue the success with all middle school students. In other areas, students rose to the rigors of the new curriculum and demonstrated their skills on real world performance assessments. These hands-on inquiry projects got students excited for science, engineering, and technology, and prepare them to be successful in their future.

We made some exciting changes to the World Language program. Our sixth grade exploratory language program was redesigned to introduce all students to the Spanish, French, Latin, and German languages, as well as to the different cultures and regions where these languages are spoken. Spanish and French classes met every other day throughout the entire school year, enabling students to complete the first half of the level 1 curriculum in seventh grade, which they will complete in eighth grade. These changes helped to generate enthusiasm for learning languages and to provide more consistent practice for our students in order to develop their reading, writing, listening, and speaking skills.

TRMS transitioned to a full-year Pre-Algebra course for 7th grade students. This allowed us to broaden the net and prepare more students for Algebra I ACC in the 8th grade. Teachers implemented small performance tasks and larger performance assessments, allowing students to experience the application of competencies to solve complex problems. All grade levels had at least 75% of students at or above benchmark in STAR during the Spring assessment. The STAR data was used during the year to inform instructional decisions and identify students for tiered supports

The TRMS Diversity Committee developed a school wide definition for diversity, and created a folder of resources and activities for staff. Our students and staff worked through multiple diversity activities through our school wide advisory program. The building gained a greater

understanding of diversity how to treat each other with respect.

TIMBERLANE REGIONAL HIGH SCHOOL

Don Woodworth, Principal

Throughout the 2016-17 school year, the high school celebrated its 50th Anniversary in grand style. The Timberlane High School Alumni Association, high school administration, and the athletic department combined resources to host a successful homecoming weekend in the fall, a dinner-dance reunion at the Atkinson Country Club in the winter, student run tours and presentations for the alumni, and an alumni recognition at graduation in the spring. In addition, the Athletics Hall of fame inducted outstanding athletes spanning the five decades of the school's history, as well as Timberlane's first state championship team, the 1969 Baseball Team. The celebrations made a positive impact on our high school, district schools, and communities.

The school action plan for the 2016-17 school year focused on academic performance, school climate and culture, and curriculum development. Academically, strong AP and SAT Results reflected improvement over previous years. The culture and climate of the high school as measured by the Tripod Survey showed improvement in every area of the survey. This year saw the first stage creation and completion of a district-wide aligned competency-based curriculum. At the high school, the staff developed performance based assessments and competency based rubrics. Teachers tailored their instruction and assessments to content and literacy competencies in all subject areas, while maintaining rigorous content competencies that focused on essential questions and enduring understandings. Departmental teams collaborated on specific changes to curriculum documents. Teachers have created performance assessments that require students to demonstrate their ability to transfer skills from a classroom setting to applicable real-life scenarios.

To address the climate and culture of the high school and to provide the most effective learning

environment for the delivery of the newly written curriculum, the school board approved a secondary schedule change. The high school adopted an alternating block schedule and implemented it in the fall of 2017. In this schedule, students have the opportunity to enroll in more classes and increased instructional time. Students can attend four 90-minute classes each day. For teachers, the schedule provides increased opportunities for planning, collaboration, and student contact. Additionally, the high school has created support centers, maintained a writing lab equipped with over 24 computers and a writing coach, and provided a variety of research and enrichment resources in the media center.

EVENING DIVISION AND SUMMER SCHOOL *Scott Strainge, Assistant Principal*

Timberlane strives to provide a personalized learning environment that engages students as individual learners. To this end, students have many avenues by which to optimize their education. Evening Division continues to be a place where traditional and non-traditional students can earn credits towards a Timberlane diploma. With a mix of day and evening-only students, 154 students took courses offered in all of the major disciplines. An Evening Division Team that includes a nurse, Academic Support Centers, Site Managers, and a Receptionist is in place to support students, their families, and staff while ensuring safety and security for the building. The HiSET (GED) program also runs during the evening division hours, offering students an opportunity to earn their HiSET Certificate or a Timberlane Diploma. A total of thirteen students were a part of the program this year. Four students were eligible to take the exam and all four passed. The other nine students will continue in the program in the 2017-18 school year. Summer school expanded to include not only credit recovery but also for-credit courses, as well as enrichment opportunities of all kinds.

ATHLETICS

Angelo Fantasia, Director

The Timberlane Athletic Department continues to enjoy success both in competitions and in academics. Many of our student-athletes are involved in a variety of student activities, including band, music, and student government. Approximately 40% of the student-athletes participate in multiple sports.

The “Life of an Owl” Student Leadership Program has extended into the middle school, with our Leadership Workshop training sessions engaging both students and staff at both secondary levels. The NHIAA Life of an Athlete Program has developed monthly topics for schools to discuss in forum settings. These leadership sessions at both the middle school and high school create a positive and encouraging environment for staff and students, with many opportunities for growth.

Our TRHS student-athletes continue to participate in community service projects. Several student-athletes were involved in a reading program at the Timberlane Learning Center. Our teams continue to participate in important initiatives such as Project Hope, Strut for a Cure, and Operation Hat Trick Program. Currently, NH state high schools have raised over \$100,000 for wounded NH veterans and their families through Operation Hat Trick.

Many high school teams qualified for NHIAA Tournament play, with Timberlane winning the State Championship in Field Hockey, Wrestling, and Boys’ Volleyball. The TRHS Wrestling Team won its 18th straight NH State Championship.

The Timberlane Middle School Athletic Department offers 22 athletic teams, as well as intramural programs. We are proud to have a large number of students participating in multiple sports. Our teams enjoyed a great deal of success, and won Tri-County Championships in Girls’ Soccer, Baseball, and Wrestling.

As always, we are proud of all our coaches and student-athletes for their efforts on the fields, in the classrooms and in our community.

Go Tigers and Go Owls!

PERFORMING ARTS***Tony DiBartolomeo, Director***

The school year has been exciting and event-packed for the Timberlane Performing Arts Center. Students and community members have had the opportunity to experience a wide range of events and performances that have afforded enriching experiences for both students and audience members. Since its grand opening in 2002, the Timberlane Performing Arts Center became, and has continued to be the hub for cultural, political, and most importantly, educationally positive programs for the Timberlane District.

This year was no exception; it was a wonderful year of enriching activities and events in all of the PAC venues. This year's PAC events featured a Veterans' Day concert, an Afternoon of Jazz, a Guitar Festival featuring Argentinian guitarist Cecilia Zabala, the Timberlane Concert Band Festival featuring the Strafford Wind Ensemble, the Merrimack Valley Concert Band, and the Timberlane Community Band. The Timberlane Jazz Band Festival featured the Seacoast Big Band and performances by the Volare, Freese Brothers, the Lakes Region Big Bands, and the Blue Note Big Band. The annual Timberlane Community Band Holiday Concert with the annual Tuba Christmas was a great way to start the holiday season.

New to our venue this year is the Merrimack Valley Philharmonic Orchestra. This community orchestra has taken permanent residence in our Performing Arts Center; they have presented concerts and have created musical opportunities for our students to join them on stage, and they have provided yet another reason for our community to enjoy all that the PAC has to offer. We are very excited to have this 57-year-old Merrimack Valley musical tradition now at home in our PAC. Other residents of the PAC are the Timberlane Community Band as well as the newly formed Timberlane Community Guitar Orchestra.

Additionally, events include the Boston based groups The Deep Blue "C" and the Boston Gay Men's Chorus. Other musical acts visiting the

PAC are the rock ensemble The Chicago Experience, and from Washington, DC, the United States Air Force premier jazz ensemble The Airmen of Note. All of these events were made possible by the support that the community has shown to the PAC by attending and promoting these local and live musical performances.

Within the Timberlane Music Department the numerous student bands, jazz bands, solo and ensembles, orchestras, choruses, and guitarists have presented high quality concerts throughout the year. These performances presented to parents, fellow students, and community members represent the culmination of daily classroom rigor and high expectations. The All state quality musicians represented Timberlane in a masterful way at all three New Hampshire music festivals. Our classical, jazz, and chamber performers led the state with their attendance and performances on the state stage.

The Timberlane Drama Department and the Timberlane Players presented to audiences their productions of Shakespeare's Macbeth, and Arsenic and Old Lace. In conjunction with the Music Department, the Drama Department presented an original holiday radio show called Don't Touch That Dial. The student improvisational comedy group, The Milkmen, have presented a show each month and all the money they raise at their shows is given right back to the community through donations to local charities and school organizations. The Timberlane Players have also had two 24 Hour Play Festivals challenging students and faculty members to write and perform original one-act plays. These events have given the high school thespians the opportunities to expand their dramatic horizons through truly unique and challenging opportunities. Both the middle school and high school thespians and musicians are currently working hard on the musicals The Lion King and Into the Woods.

All of these PAC events happen along with the 30+ elementary, middle school and high school students' performances in our orchestra, band, guitar, and chorus student ensembles.

TIMBERLANE REGIONAL SCHOOL DISTRICT 2017 ANNUAL REPORT

Additionally, students can take four drama classes further providing opportunities for students to learn about the performing arts. This year we have fully implemented the All District Elementary Honor ensembles in band, chorus and orchestra. These ensembles are an opportunity for our elementary music students

from all four elementary schools to join forces and perform in a large ensemble setting. Learn about the next fine productions coming to the PAC by visiting the PAC website at www.Timberlanepac.org. Your seat is waiting for you!

4600	Capital building improvement projects - one-time expenditures
5120	Bond interest reduction
5251	One-time appropriation by warrant article

NOTE: RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

DEFINITION OF MAJOR BUDGET ACCOUNTS

1100 Regular Programs - Includes activities dealing directly with the teaching of pupils, or the interaction between teacher and pupils. Included in this category are salaries of instructional personnel, supplies, textbooks, equipment and any other costs directly related to the instructional process.

1200 Special Education - Instructional activities designed primarily to deal with students having special needs. Includes personnel, supplies, equipment, tuition for students placed in programs outside of the District and other services required as part of the instructional process.

1400 Extra Curricula Activities - School sponsored activities, under the guidance and supervision of school staff, designed to provide students such experiences as motivation, enjoyment, and improvement of skills. Extra curricula activities supplement the regular instructional program and include sports, band, chorus, and student clubs and associations.

2122 Guidance Services - Activities involving counseling with students and parents, providing consultation with other staff members on learning problems, evaluating the abilities of pupils, assisting students as they make their own educational and career plans and choices, assisting students in personal and social development, providing referral assistance and working with other staff members in planning and conducting guidance programs for students.

2222 Educational Media Services - Educational media are defined as any devices, content materials, methods or experiences used for teaching and learning purposes. Library supplies, books, reference materials, audiovisual materials and equipment are included here.

2320 SAU Budget - Activities associated with the overall general administration of the school districts in SAU No. 55. The superintendent, assistant superintendent, business administrator and associated support personnel are included in this account. The budget is prorated between the Timberlane Regional School District and the Hampstead School District based on Average Daily Membership and equalized valuations of the towns.

2410 Office of the Principal - Activities concerned with directing and managing the operation of a particular school. It includes the principals, assistant principals and other staff involved in the general supervision of the school, evaluation of the staff members and coordination of school instructional activities.

2490 School Administration - Other Support Services - This function includes expenditure for graduation and department chairpersons.

2620 Operation and Maintenance - Activities concerned with keeping the physical plant clean and ready for daily use. It includes operating the heating, lighting, and ventilating systems, and repair and replacement of maintenance equipment as well as insurance of the school buildings.

2721 Pupil Transportation - Activities concerned with the conveyance of pupils to and from school, as provided by State and Federal law and local policy. The account also includes trips for student activities such as field trips, band, and extra curricula activities.

2900 Fixed Charges - This account includes the cost of health insurance, worker's compensation and unemployment compensation, retirement, and FICA.

5100 Debt Service - This account provides for repayment of the debt of the school district. It includes principal and interest.

PER PUPIL COST

The New Hampshire Department of Education has released the 2016-17 cost per pupil. Timberlane recently has costs above state average. The 2016-17 figures are:

Elementary: State average cost per pupil - \$15,397.60; Timberlane - \$16,862.93. Out of 154 school districts with elementary schools 81 spend less than we do per pupil at the elementary level and 72 spend more.

Middle School: State average cost per pupil - \$14,740.66; Timberlane - \$16,693.98. Out of 63 school districts with middle schools 39 spend less than we do per pupil at the middle school level and 23 spend more.

High School: State average cost per pupil - \$15,537.80; Timberlane - \$16,736.49. Out of 73 school districts with high schools 36 spend less than we do per pupil at the high school level and 36 spend more.

District Average: State average cost per pupil - \$15,310.67; Timberlane - \$16,780.01. Out of 162 school districts 79 spend less than we do per pupil and 82 spend more.

The following chart compares Timberlane's per pupil cost for all district students since 2004-05. This chart clearly shows that Timberlane's cost per pupil has been less than the state average cost per pupil until 2013-14. Timberlane spent \$1,469.34 more per pupil than the state average during 2016-17.

TIMBERLANE REGIONAL SCHOOL DISTRICT 2017 ANNUAL REPORT

2018-19 SCHOOL ADMINISTRATIVE UNIT NO. 55 BUDGET

Budget line item #2320, SAU #55 Budget, is developed in accordance with state statute RSA 194-C:9, "Each district within a school administrative unit shall raise at the next annual school district meeting the sum of money apportioned to it by the school administrative board for the expenses of services which each district received in connection with the school administrative unit office." In order to comply with this RSA, a public hearing is held in November and the budget is voted on by the SAU Board after that public hearing; thus no changes can be made to the SAU budget at the annual school district meeting.

TIMBERLANE REGIONAL SCHOOL DISTRICT 2017 ANNUAL REPORT

TAX ASSESSMENT

Determination of member town's tax assessment is necessary to meet the March 2016 voted appropriation for the Timberlane Regional School District. This appropriation is calculated by assessing each town for the operating costs based on their Average Daily Membership (ADM) and for capital costs based on equalized valuation of each town.

I. REFERENCE DATA

2018 DISTRICT WARRANT**(Ballot Questions as Finalized at Deliberative Session)****Article 1 - Election of Officers**

To choose the following school district officers:

Atkinson Voters	School Board Member	3-Year Term
Plaistow Voters	School Board Member	3-year Term
Sandown Voters	School Board Member	3-year Term
Atkinson Voters	Budget Committee Member	3-Year Term
Danville Voters	Budget Committee Member	2-Year Term
Plaistow Voters	Budget Committee Member	3-Year Term
Sandown Voters	Budget Committee Member	3-Year Term

Article 2 – Operating Budget

Shall the voters of the Timberlane Regional School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling **\$72,800,000***? Should this article be defeated, the operating budget shall be **\$71,870,607**** which is the same as last year, with certain adjustments required by previous action of the Timberlane Regional School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: Warrant Article 2 (the operating budget) does not include appropriations proposed under any other warrant articles. (MAJORITY VOTE REQUIRED)

*Recommended by the School Board 5-4-0**Not recommended by the Budget Committee 7-3-0***Article 3 – Capital Reserve Fund**

Shall the voters of the Timberlane Regional School District raise and appropriate up to **\$250,000** to be placed in the School Building Construction, Reconstruction, Capital Improvement and Land Purchase Capital Reserve Fund established in 1996, with such amount to be transferred from those funds in the June 30, 2018 unassigned fund balance available for transfer on July 1 of this year which were apportioned as Capital Expenses in 2017-2018 in accordance with Article 6 of the Timberlane Regional School District Articles of Agreement? No amount to be raised by taxation. (MAJORITY VOTE REQUIRED)

*Recommended by the School Board 4-3-0**Recommended by the Budget Committee 8-0-0***Article 4 – Appoint Agents of the Capital Reserve Fund**

Shall the voters of the Timberlane Regional School District appoint the Timberlane Regional School Board as agents to expend from the existing School Building Construction, Reconstruction, Capital Improvements and Land Purchase Capital Reserve Fund previously established in 1996? (MAJORITY VOTE REQUIRED)

*Recommended by the School Board 4-2-1***Article 5 – General Acceptance of Reports**

Shall the voters of the Timberlane Regional School District accept reports of agents, auditors, and committees as written in the 2017 Annual Report? (MAJORITY VOTE REQUIRED)

Recommended by the School Board 6-1-0

Article 6 – Artificial Turf by Petition of John Sapia et al

Shall the district vote to raise and appropriate the sum of \$800,000 for the purpose of decreasing district operating costs, increasing athletic player safety and promote a positive environmental impact by professionally installing an artificial turf surface to an existing sports playing field, with \$350,000 from the School Building Construction, Reconstruction, Capital Improvement and Land Purchase Capital Reserve Fund, \$175,000 from the unassigned fund balance of June 30, 2018, and the remaining \$275,000 from taxation. This will be a multi-purpose field supporting a host of district sports. It shall be made available for a fee to outside parties when not in use by the district for the purpose of generating additional revenue to further offset costs and shorten the time to maximize return on investment. (MAJORITY VOTE REQUIRED)*

Recommended by the School Board 8-1-0

Not recommended by the Budget Committee 8-1-0

**Amended at Deliberative Session*

***Amended by the School Board on February 1, 2018*

2017 ELECTION RESULTS

To choose the following school district officers:

Atkinson Voters	School Board Member	3-Year Term	BRIAN BOYLE	511
Danville Voters	School Board Member	3-year Term	KIMBERLY FARAH	515
Plaistow Voters	School Board Member	3-year Term	SUSAN SHERMAN	730
Atkinson Voters	Budget Committee Member	3-Year Term	JULIE HAMMOND	565
Danville Voters	Budget Committee Member	3-Year Term	JENNIFER CARUSO	471
Plaistow Voters	Budget Committee Member	3-Year Term	MICHAEL MASCOLA	582
All Voters	School District Moderator	3-Year Term	STEVEN RANLETT	2558

Article 2 – Operating Budget

PASSED

BY TOWN	ATKINSON	DANVILLE	PLAISTOW	SANDOWN	TOTAL
YES	832	602	808	420	2662
NO	166	354	207	155	882

Shall the voters of the Timberlane Regional School District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling **\$71,328,092**? Should this article be defeated, the operating budget shall be **\$71,559,011** which is the same as last year, with certain adjustments required by previous action of the Timberlane Regional School District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: Warrant Article 2 (the operating budget) does not include appropriations proposed under any other warrant articles. (MAJORITY VOTE REQUIRED)

Recommended by the School Board 7-0-1

Recommended by the Budget Committee 10-0-0

Article 3 – Capital Reserve Fund

PASSED

BY TOWN	ATKINSON	DANVILLE	PLAISTOW	SANDOWN	TOTAL
YES	713	428	677	291	2109
NO	296	523	335	287	1441

Shall the voters of the Timberlane Regional School District raise and appropriate up to **\$250,000** to be placed in the School Building Construction, Reconstruction, Capital Improvement and Land Purchase Capital Reserve Fund established in 1996, with such amount to be transferred from those funds in the June 30, 2017 unassigned fund balance available for transfer on July 1 of this year which were apportioned as Capital Expenses in 2016-2017 in accordance with Article 6 of the Timberlane Regional School District Articles of Agreement? No amount to be raised by taxation. (MAJORITY VOTE REQUIRED)

Recommended by the School Board 7-1-0

Recommended by the Budget Committee 10-0-0

[Intent: This article puts money aside for future capital improvements. Money is only put into this Capital Reserve Fund if it is available at the end of the fiscal year. Capital expense appropriations are calculated in accordance with the Timberlane Regional School District Articles of Agreement (Article 6) apportionment formula as follows:

“The capital expenses of the Timberlane Regional School District payable in each fiscal year shall be apportioned on the equalized valuation as most currently available as determined by the State Tax Commission.”]

Article 4 – Three Year Collective Bargaining Agreement (TSSU)**PASSED**

BY TOWN	ATKINSON	DANVILLE	PLAISTOW	SANDOWN	TOTAL
YES	718	469	694	304	2185
NO	282	480	315	283	1360

Shall the voters of the Timberlane Regional School District approve the cost items included in the collective bargaining agreement reached between the Timberlane Support Staff Union and the Timberlane Regional School Board, which calls for the following increases in salaries and benefits at the current staffing levels over the amount paid in the prior fiscal year:

Fiscal Year	<u>2017-18</u>	<u>2018-19</u>	<u>2019-20</u>
Estimated Increase	\$181,323	\$177,907	\$181,864
3-Year Total			\$541,094

And further to raise and appropriate the sum of **\$181,323** for the 2017-18 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at the current staffing levels? (MAJORITY VOTE REQUIRED)

Recommended by the School Board 7-1-0

Recommended by the Budget Committee 10-0-0

[Intent: This article will allow the school district to enter into a successor three-year contract with the Timberlane Support Staff Union. The proposed contract ratified by the union and the school board represents a 2% increase in wages and overall costs in year one, a 2.5% increase in year two, and a 2.5% increase in year three.]

Article 5 - Authorization for Special Meeting on Cost Items**PASSED**

BY TOWN	ATKINSON	DANVILLE	PLAISTOW	SANDOWN	TOTAL
YES	812	599	772	379	2562
NO	178	327	226	202	933

Shall the voters of the Timberlane Regional School District, if Article 4 is defeated, authorize the Timberlane Regional School Board to call one special meeting, at its option, to address Article 4 cost items only? (Without this Article the District would have to petition Superior Court for a Special School District Meeting. This saves the District the expense of attorney fees and court costs). (MAJORITY VOTE REQUIRED)

Recommended by the School Board 8-0-0

[Intent: This article is suggested by the NH Department of Revenue Administration as a cost saving measure.]

Article 6 – General Acceptance of Reports**PASSED**

BY TOWN	ATKINSON	DANVILLE	PLAISTOW	SANDOWN	TOTAL
YES	911	693	839	445	2888
NO	75	212	141	134	562

Shall the voters of the Timberlane Regional School District accept reports of agents, auditors, and committees as written in the 2015 Annual Report? (MAJORITY VOTE REQUIRED)

Recommended by the School Board 8-0-0

Article 7 – Change Auditing Firms on Warrant Petition by Donna Green et al**PASSED**

BY TOWN	ATKINSON	DANVILLE	PLAISTOW	SANDOWN	TOTAL
YES	783	635	746	404	2568
NO	178	261	220	166	825

Shall the Timberlane Regional School Board continue to select an auditing firm as needed for its annual audit? This article is advisory and nonbinding.** (MAJORITY VOTE REQUIRED) ** *Statement added at Deliberative Session*

Article 8 – Vote of Confidence in Timberlane Regional School District Superintendent on Warrant Petition by Shawn O’Neil et al
PASSED

BY TOWN	ATKINSON	DANVILLE	PLAISTOW	SANDOWN	TOTAL
YES	588	451	570	207	1816
NO	365	440	393	357	1555

Do the citizens of the Timberlane Regional School District have confidence that the Superintendent of Schools will continue to advance the school district’s core values of rigor, accountability, evaluation and support as he has done over the last five years? This article is advisory and nonbinding. (MAJORITY VOTE REQUIRED)**

Recommended by the School Board 7-0-0

***Amended at Deliberative Session*
