June 17,2022

Attention: Parents, Students, Faculty, Staff, and Building occupants of Timberlane Regional School District.

Reference: Annual Asbestos Notification

In accordance with the EPA Asbestos Emergency Response Act, 40 CFR 763 (AHERA), the Timberlane Regional School District Asbestos Plan Manager/Director of Plant Operations, is required to notify annually of our asbestos management plan and continued inspections of asbestos containing materials.

The AHERA rule mandates that periodic surveillance is done to ensure the safety, and assess the condition of, any known asbestos in school facilities. The inspection reports and documentation are maintained in the Timberlane Regional School District Asbestos Management Plans for each individual school.

The Management Plan is available for public inspection in the Facilities Office at Timberlane Regional High School, 36 Greenough Road, Plaistow, NH.

Please contact the Asbestos Local Education Agency Designated Person, Karl Ingoldsby, Director of Plant Operations, Timberlane Regional School District, 30 Greenough Rd, Plaistow, NH, 03865, (603)382-6541 x:3350, if you have any questions or concerns.
